

CORRIGENDA

Volume **17**, Number 1 (1996), in the article “Maurer’s Homotopy Theory and Geometric Algebra for Even Δ -Matroids,” by Walter Wenzel, pages 27–62: On page 40, line 8 should read “ $\dots < f_l, a < b \dots$ ” instead of “ $\dots \lambda f. a < b \dots$.” On page 61. Reference [KW] is incorrect. For the

Volume **17**, Number 1 (1996), in the article “Matchings and Δ -Matroids with Coefficients,” by Franz Kalhoff and Walter Wenzel, pages 63–87:

On page 68, line 22 should read “ \dots the pair $\underline{M} := (E, p^{-1}(K^*)) =$ ” instead of “ \dots the pair $\underline{\mathbf{M}} := (E, p^{-1}(K^*)) =$.” and line 24 should read “We call \underline{M} the underlying Δ -matroid” instead of “We call $\underline{\mathbf{M}}$ the underlying Δ -matroid.” On page 87, Reference [W4] is incorrect. For the reader’s convenience, the correct version is given below.
